Please note: You will be required to complete a medical questionnaire to certify that you are medically fit to attend our safety courses and to participate in the practical elements. If you require further information on this, please contact us.

Booking forms are also available on our website at : www.sfta.co.uk

NEAT Training - Fishermens College

FISHERMENS TRAINING IN THE SOUTH

This leaflet is being sent to you as you are registered on our database either as a member of the commercial fishing industry or you have applied for information on training in the past. If you no longer require information from us, please use the reply slip overleaf or contact us on 07802 647531

THE LAW - Basic Safety training for Commercial Fishermen

ALL commercial fishermen are required to attend one day courses covering sea survival, firefighting, first aid, health & safety and safety awareness. Your vessels insurance is invalid if all onboard do not have the required certificates.

THE LAW - New Entrant Commercial Fishermen

Merchant Shipping Notice No 1813(F) states that all new entrants to the commercial fishing industry must attend a one-day basic sea survival course, BEFORE going to sea for the first time. If the candidate then remains in the industry, basic health & safety, first aid and firefighting courses must be attended within 3 months. Once basic safety training is complete, the safety awareness & accident prevention course must be attended within the first 2 years of service.

The Funding Situation - 2021

Seafish/MCA funds have now been renewed, so funded courses for commercial fishermen who have completed all of their basic safety training courses are now available. We are also planning to run the three day course for new entrants, and the next 15 day course in the autumn

Please contact us for funding application forms.

Under 16.5m Skipper Ticket

This certificate is available to all experienced commercial fishermen who have attended the courses in Bridge Watchkeeping, Engineering Watchkeeping, Stability Awareness and GMDSS Short Range Course. Applicants must have completed basic safety training as mentioned above.

Bridge Watchkeeping – 5 day & 2 day – Free of Charge
Marine Engineering – 4 day & 2 day – Free of Charge
Stability Awareness – 2 day – Free of Charge

The courses above can also be studied on-line at www.seafishonlinetraining.co.uk

GMDSS Short Range Radio – Free of Charge for eligible commercial fishermen

This course is also required in order to qualify for the Skipper Ticket. For the Unrestricted (Gold) skipper cert, the 5 day bridge/engine courses are required, and for the Restricted (Silver) skipper cert, the 2 day bridge/engine courses are required.

Full details are contained in MGN 411 (M+F)

The above skipper courses are available for those not eligible for funding. Prices are listed overleaf.

Safety Training Courses

Sea Survival, Portland, Eastbourne, dates overleaf

Starting at 8.45am at the Osprey Leisure Centre, Castletown, Portland, and the Citrus Hotel, King Edwards Parade, Eastbourne, BN21 4EB, completing by 4.30pm. The course consists of lectures, films and demonstrations on safety procedures and survival equipment, with a "wet drill" in the swimming pool in the afternoon. A clean change of clothing is required for the wet drill. All other equipment is supplied. **Cost, £160, payable on booking.**

New Entrant Health & Safety, Eastbourne, Lyme Regis, dates over

Starting at 8.45am at the Fishermens College, The Cobb Centre, Lyme Regis, the Citrus Hotel, King Edwards Parade, Eastbourne, BN21 4EB, completing by 4pm. **This course is mandatory for all new entrants** and covers basic health & safety issues and safety practices in a dangerous work environment. Topics also include safety equipment/clothing and accident prevention. **Cost: £120, payable on booking.**

First Aid, Lyme Regis, Eastbourne, dates over

Starting at 8.45am, at the Fishermens College, The Cobb, Lyme Regis and Citrus Hotel, King Edwards Parade, Eastbourne, BN21 4EB completing around 4pm. The day consists of lectures, films and practical demonstrations on all the latest first aid techniques, together with practical sessions on CPR and bandaging etc. The course also includes a module on Category C medical stores, IAW MGN147. **Cost - £120, payable on booking.**

Basic Firefighting, Eastbourne, Lyme Regis, dates overleaf

Starting at 8.45am at the Fishermens College, Lyme Regis, the Citrus Hotel, King Edwards Parade, Eastbourne, BN21 4EB. The morning consists of lectures and films on fire prevention and firefighting techniques, followed by a fire drill in the afternoon, where each candidate will gain valuable experience using the various extinguishers on real fires. Wet weather gear may be required, and old clothing is advised due to smoke etc. Safety boots/protective footwear recommended. **Cost - £125 payable on booking.**

Safety Awareness, Lyme Regis, & Eastbourne, dates overleaf

Starting at 8.45am at the Fishermens College, Lyme Regis, Citrus Hotel, King Edwards Parade, Eastbourne, BN21 4EB completing by 4pm. **This course is mandatory for all experienced fishermen**, and covers aspects of how accidents happen, with guidelines on how to prevent them and how to minimise damage and injury when they do happen. Guidance on risk assessment is also included, which may help with insurance applications and claims. A risk assessment manual is issued free of charge on the day.(subject to availability) **Cost, £120, payable on booking.**

See terms & conditions at www.sfita.co.uk

Courses leading to the issue of the Under 16.5m Skipper Certificate

Courses can be organised at most ports for anyone wishing to attend

GMDSS Short Range Radio (SRC), Lyme Regis, Emsworth, dates overleaf

Starting at 8.45am at the fishermens college on the Cobb, Lyme Regis, DT7 3JJ and Angling Spirit Training Room, Unit 6, Emsworth Marina, Thorney Rd, Emsworth PO10 8BP (map supplied on booking). The day consists of lectures and demonstrations on general theory and voice procedures for using VHF radio, with practical sessions on voice procedures and use of GMDSS DSC radios in the afternoon. This is followed by the exam later in the afternoon. **Cost - £120 per day, payable on booking, with a separate exam fee of £60 payable to the RYA examiner on the day. A Passport photograph is also required for the exam. Free of charge for eligible fishermen.**

Intermediate and Advanced Stability Awareness, dates overleaf

Starting at 8.45am completing by 4pm at the fishermens college the Cobb, Lyme Regis, and View Hotel, Eastbourne (map supplied on booking) Due to continuing accidents involving stability of fishing vessels, this course has been introduced free of charge for all eligible commercial fishermen. The course covers aspects of how stability problems happen, with practical demonstrations using a scale model fishing vessel. **Cost: £240 payable on booking. Free for eligible fishermen.**

Bridge Watchkeeping, 5 or 2 day, dates overleaf

Starting at 8.45am, completing by 4pm each day at the Fishermens College, Lyme Regis and the View Hotel, Eastbourne. The course covers aspects of navigation, collision avoidance regulations, and many other useful tips on bridge watchkeeping. The two day course is aimed at fishermen operating up to 20 miles, and the 5 day course is more advanced, for those wishing to operate beyond 20 miles. **Cost: £650/£240**

Marine Engineering, Lyme Regis, dates overleaf

Starting at 8.45am each day at the Fishermens College, Lyme Regis and the View Hotel, Eastbourne. The 4 day course qualifies for the issue of the MCA 30 hour certificate, and the 2 day course qualifies for the Seafish Engineer Watchkeeping certificate. Full information supplied on request. **Costs - £650/£240.**

ALL COURSES START 8.45AM UNLESS OTHERWISE STATED
